

Exnora Green Pammal
For street bin-free and litter-free India

VISIT BY ENGINEERS WITHOUT BORDERS

Exnora Green Pammal had the opportunity to host visitors from **EWB – Australia and EWB – Chennai** on **18 January, 2014**.

Engineers Without Borders – International (EWB-I) is an international federation of national Engineers Without Borders/Ingeneiurs Sans Frontiers (EWB/ISF) Member Associations whose mission is to facilitate collaboration, exchange of information, and assistance among its member groups. EWB-I helps its Member Associations develop their capacity to assist poor communities in poor countries.

Members of EWB – Australia & EWB – Chennai welcomed at EGP premises

The thirty three member delegation was briefed about our eco-friendly initiatives and products. It served the perfect forum for the three teams – Exnora Green Pammal, EWB-Chennai and EWB-Australia - to interact and exchange ideas with each other. After this, they visited our vermicompost and Biogas plants.
