

Hands- on Training programme for Entrepreneurs in Solid Waste Managment

Three students from Coimbatore namely Mr.R.Muganantham (B.Tech Mechanical Engineering), Mr. Saranraj (B.E. Electrical and Electronics Engineering) and Mr.C.Prasanth (B.Tech Mechanical Engineering) underwent a training programme for 5 days from 14.07.14 to 18.07.14 in Solid Waste Management. They had hands on training in windrowing, Vermicompost production, Briquetting technology and demonstration of biogas production from a 25 cum biogas plant. They learnt the process of biogas and their applications in cooking and Electricity generation.
